Mr. Aiken read an argument in behalf c GOV. BROUGH DECLINING A RE-

NOMINATION. this wish of the Government Mr. Ford | "To the people of Ohio," declining a rehas very cheerfully acquiesced, though of nomination for Governor. He declares that he came into effice with the firm derejoiced to see (as they were unbesita. | termination, if the military power of the Justice Bhowsers. James K.liott, who was lition so far as to promise that he would not, if it should be conferred with a read gan & Co. \$100; J. A. Dusbane, \$100; Jos. sonable degree of unanimity, decline a nemination. Ho says: "After a careful survey of all the sur-

coundings. I am entirely satisfied that the same considerations of duty that pressed ipon mo the acceptance of a nominatio two years ago, as imperiously require that | of pay. I should decline it at the present time .-Under this conviction, I respectfully but unconditionally withdraw my name from the convention and the canvass." This determination of Gov. Brough will excite profound surprise and regret. I administration has been characterized for honesty, capacity, and energy, as well as for an inflexible tidelity to principles fully up to those of the advance guard of the

rights from the "Confederacy." According friend Lord Rassell." It is unfortunate for having been satisfactorily explained. No Her. Henry N. Elpes, of the M. E. these predictions that they have not time to clue has yet been obtained to the perpereach here before they are apset.

LOCAL AFFAIRS.

Great Rifemen's Festival in Germany .- W take the following extract from the Bremen correspondence of the Baltimore Wecker to give our readers an idea of the preparation. made is Bremen for this approaching festivaly "The grand hall, the temple for the prizes, and all the accessory buildings are frames yet wastructed to the strictest marks in the solid style of antique mesonry. The forms, although plain, are of the purest taste. And d somman mitodies authoris team to see con it this case find fault with the execution of the I arebittetare in a material which no procedent has established. The structures are evidently ephemera', and however objectionable plaster may be for the purpose of giving brick build. America" legs the appearance of granite or other classic : forms of Greek antiquity. To artiste by

himself, his father had six daughters and two laterest, especially the span cyer the sentral Stewart equaties, Georgia, and in 1859 moved interior, resting solely upon the plilars along Its circumierence. All the buildings and
