made upon the President at his advent to) power. And yet, probably never in the sistent boring, based upon "reconstruc-). mercilessly, he is expected to stand it all, without any special fatigue, he would be denounced as ill tempered and tyranuical, vere be to manifest any impatience at this pertion of the frightful load be carries, be must emulate the "man of Uz"

in his equanimity under trial. We have dealt with the every day trials of the President, and all segecious observers see others, greater still, before him. Great parties, or rather fierce partizans, are laying their "gins and snares to en- l trap him," some for one purpose, others } for something else. Let us take one instance-of the perplexities in store for him; the case of making the negro "equal before the law."

In the eagerness to have this accomplished without delay, some there are who would force this responsibility upon the President, make him answerable i case it is not at once accomplished. To do this, they would make the military beck, by power, for the hundredth or thousandth time, dominate the civil; although finally, t we are measurably at peace. But if we ] cannot-as we have already intimatedpunish States in this case of civil war, or bold them as commonwealths responsible for what has happened, what pretext has the Federal Executive for invading their rights of franchise, of bringing the arms of the Government to establish civil

asid Bank for new certificates to supply the | FARM of 500 acres, situated 30 miles south of place of the aforesaid stolen certificates. All Washington, very near the Potomac river and certificates should not issue will make known | steamboats are ranning from there to Baltimore tud Washington every day. The soil is of a time and productive characte well adapted to the growth of Corn. Wheat and vegetables-it would make a splendid market garden. Four hundred acres are of arable land and the other portion in oak, chesnut, cedar and pine. The Farm abounds in springs of neverfailing water; it is situated in a healthy and pleasant neighborhood, convenient to churches of all densuinations, post office, &c. It has on it a good Dwelling House, good Out Buildings. ; such as a fine large Bern Stables, Corn House, Granary, Overseer's House, good quarters to Isborers, Meat House, Ice Mouse, and all other mocessary tuildings. There is also a fine elte for a Great Mill, with a stream of never-failing water. Price 250 per acre, cash.

The improvements are a house and barn, 45 acres : timore, Md cleared and feaced, about 100 acres heavily timbered with white mine hemlock and that very rare and valuable timber known as Tamvayne, it grows to great he'ght, combines lightness with " strength, and especially valuable for bost ours. ship masts, saw milis, carriages and gates, and large frames, water power authorent for sawing pulposes is on it, and an abundance of good timher around it only accessable through it. The price is about \$15 per acre; if roll soon a little less would buy it At the present rates that rine timber is bringing, sawed up in a few years will exhaust it measureably, what remains must become valuable. This tract especially so from the quality of the timber and other natural advantages; extensive borings for Petrcieum are about to commence in the same region. This tract is as good a show for it as any other in the county, but in the ther for sale nothing is claimed for it upon that score.
