

SEWING MACHINES.

FLORENCE—AMERICANS INVENTORS GREAT TRIUMPH IN THE SEWING MACHINE FIELD. The Sewing Machines are all over the Florence. It makes our different stitched and joined fabrics, and is as reliable as others made here. Besides, it has the reversible feed motion—a unique motion, as well as a balance motor, self-reverse, or cams to get out of order.

There are two kinds of Family Sewing Machines, the best woods to the most delicate fabrics, using all kinds of needles, from the coarsest to the finest. No other MACHINE does so large a range of work as the Florence. No other machine can sew so many kinds of fabrics. The Florence is the only perfect Family Sewing Machine ever made. When one who owns the Florence would tell all cost.

Call and see us, we will tell you all about our great machine. Samples of sewing with price lists, sent free.

SEWING MACHINES.

On all sides we hear the merits of the **GROVER & SAYER** MACHINES, and the ladies declare it the "best," and yet it is so many undesirable features that we could not consider it worth the trouble to buy. We can assure you that the machine will embellish so beautifully, bind so elegantly, hem so easily, quilt so perfectly, etc., that it is a safe investment.

Call and examine the machines and we will be pleased to receive subscriptions, and to have them sent to you.
