Now we say this is giving up the fight like a man, and the many who fancy there is a merit in sullenly holding out should take the centiments we have quoted to? heart. What we have given proves conclusively enough, that in accepting the great lessons of the war, those we have quoted are far in advance of thousands here and in Virginia, and to all such they ! should be commended as the words of the truest wisdom.

THE REBELS IN CANADA. The New York correspondent of the about the rebel emissaries in Canada, from a gentleman who is intimately acquainted! with Tucker and Sanders. He says: Sanders, always a loafer, is still more iso. He is a broken down man, shabbily dressed, and complains of want. Tucker says that immediately on the announce. ment of the assessination of the President. Thompson made his escape for Euese, taking with him \$150,000 in gold, and leaving his confederates destitute .le speaks with the utmost contempt, as his associates, of Jeff Davis, of his imbecility and cowardice at the time of his arrest, and says be escaped the chance of going down to posterity as a bere by fighting it out, as Booth did, to the last.

Tucker justified the rak's into Vermont. but denied any knowledge of or compli city with the assassination. He complains that the leading people of Canada suub him and bis associates, and states that the rebels only came to Canada to create a muss and involve the Causdians in trouble with the United States .-] The whole party are sadly in need of cash. ple. He complains that his house is force, and that his family can neither go in or come cout, and that no letters can reach them. Unlike Mitchell, he would

A NEW POISON. A new poison has been examined and exclusively upon the heart. M. Peliken's experiments were made upon the common frog, and they have led him to the following conclusions:

1. The poison produces at first an ineased action of the heart. After a while the pulse decreases in frequency and the heart soon entirely ceases to beat. 3. The tion of vengeful feelings than to the return | constion of action is not regularly proto that condition of real peace so essential gressive. 4 When the ordinary action active hostilities; and we deprecated the | When the ventricle has completely ceased continuance of such a spirit, of such to act, and is strongly contracted and beavily upon it. We are glad to observe paralyzed, this organ does not respond to when we may heir present stock of cluthing !
