AND COMMERCIAL MATTERS.

From Portress Monroe.

FORT MORRUE, Aug. 17.-Five thousand troops are to be mustered out of service from this Department. In compliance with the order the 104th Pennsylvania Regiment will soon start for home

Gen. Terbert is expected at Norfolk next week, to take command of that subdistrict, now commanded by Gen. Mann. This change is not made on account any disentistaction whatever, but out of regard to rank. Gen. Mann has given universal satisfaction.

The steamer Charles C. Leary, from New Orleans on the 8th, put into Hampton Roads to-day for coal and water. She reports head winds all the way on the 13th off Key West. She passed the steamer Thetis bound to New Orleans. The health of New Orleans was never better. The weather was excessively warm.

The sale of Government horses and mules yesterday and day before at Eastville and Drammondtown, Eastern Shore. resulted in the sale of 24 horses at an average of \$53, and 20 mules at an average to be appreciated on the Eastern Shore, of their steek to Old Point.
