From New Orleans. LATER PROM MEXICO.

Northern Light, from New Orleans, with advices to the 24th, has arrived. Maury's staff, was severely stabbed by this afternoon, owing to a defect in the parts of the border slave States held with Colonel Charles Forsyth, son of the Mayor | air pump. of the city. It was thought he could not ,

The Times' City of Mexico correspondence of July 2d says that the French court martials are pecifying the country by shooting annually 40,000 Mexicans! The Estafette, the Prench organ, de. clares that the empire is a failure, and advocates a French protectorate, or the country, it says, must be absorbed by the United States. Mexican independence, it says is impossible. There is continued, fighting and frequent imperial disasters. The patriotism of the people is increasing

and the prestige of the French troops gone. The breach between Maximillian, and the French is daily widening. The French expect to have war with the United States, and the clergy are in open opposition to the empire. Large accumulations of merchandise are blockaded in the city of Mexico.

There are numerous bands of Confede-Trates in the city of Mexico. What they are waiting for or how they live, no one knows, but they have all lost confidence in Maximillian.

The Times' San Antonio correspondent, New Orleans: under date of August 3d, announces the West. General Merritt arrived on the my laborers are to get one fourth of the good result from even entertaining the he observed it, 'rom May to July, was much already been made in the city papers of the P. > Professor Knapp's German and English Inetitate -On nent Monday, September 4:b. and ther costion of instruction will begin in this popular institution of learning. Prof. Knapp and his Institute have a reputation more than twelve years standing, and the best proof of his thoroughly systematic and effective management is not only that the competition of our free schools have never tajured bim, but that his acholars are his best edvertisements. If you ned any of his son, COURT echolars of last ression you will see that excuone looks with pleasure forward to the 're opening of the school, and this certainly is the highest compliment for the teacher, esicially if the parents are as well pleased as the children. But it is not to be wondered, i fiteen teachers, with a full supply of appara musical instruments, and with an acknowl- larceny of three sirer wa ches, a proket bo the pedagogic claims for 800 scholars and their | pistol, the property of Wm. N. Price, which of this institution is as popular as the male in the case. department, and although within the last

tis establishment to its former proportions. we would not wonder if he should need very bitates noter; ninety dollars in all, the proper soon new accessions to his premises. Demuerer to an Indictment for Perjury Overruled - Some time since the grand jury of Baltimore county found an indictment lagainst George W. Norris, of that county, for perjury, said perjury alleged to have been committed by the taking of an cath at the | election polls in November last, at the Presi-| dential election. At the August term (Ith) county court, held at Town ntown, the connbel for Norris fied a demorrer to the indict ment on the ground that the new Constitution, upon which the indictment was based, contemplated further legislation before the taking of the oath prescribed could be per jury; also, that the time was not sufficiently set forth, and other technicalities in regard t the framing of the indictment, based as it was upon the new Constitution. The demutte was foreibly argued at the term above named I day, meeting all the objections made to the insictment, and overraled the demarrer.
