ORE OF THE PRESSING NEEDS OF rapidly too, in the demand for more houses. | The Consul at Palermo, under date of there is the most astonishing rush for the majority of cases, the rents have doubled; this thing, Baltimore is by no means an same cry comes up tor more houses; more | naving left on the way 500. Twenty accommodation for those who crewd all leaths occurred from cholers on the pas- beok, by the avenues of business everywhere .advance made toward that region where

in a career of prosperity. A Norfolk paper-the Old Domizion-in urging the same want of bouses in that near city, makes the following judicious retage at this time by our own capitalists "The great mass of our people consists

"of men of mederate means; and as it is "their bone and sinew that creates wealth, "capitalists should regard them as the "bird that lays the golden egg, and give "them all the accommodations they may "require. Unless this shall be done, and "in a liberal spirit, the working people of "Norfolk will seek homes and employ-"ment in other and more promising sec-"tions of the country.

"Do you say, 'let them got' Have you ! "well considered that declaration? Money | "without labor and industry to use or "employ it, is of little worth. It will Mrs. Emma Waller units in endorsing for im- These machines work like a charm. No seam-"earn nothing, and it will accumulate partiag a beautiful complexion and a soft, white "nothing. If you would have the city and transparent skin, temoving freckles, tan, machines, though she charged no more than a "grow-and your property consequently roughness, redness and discolorations of the "become valuable—you must make pro- skin, resulting from exposure or unhealthy ac-"vision for that growth, and on such a time of the secretions. sold by all respectable "scale as shall not only induce people to Druggists, Perfumers and Heir Dressers. Wm. "come here from abroad to live and work, H. Read, 147 Baltimore street, General Agent, "and aid in some way the general pro-"gress, but also induce those already here "to abandon all thought of seeking a resi-"dence elsewhere."

We repeat it—this is judicious, sensiit is to Norfolk; something, too, that can- | Circulars and College Paper, address not go unheeded if we are to be benefitted | autom as we should be, by the opportunities for | T expansion now offered. And that other cities are awakening to the needs of the ccession, is plain from paragraphs that constantly turn up in the newspapers on these subjects. Here is one from the New York Times of a late date: "THE HOUSE QUESTION .- The house

"accommodations of Philadelphia for peo-"ple of limited means are vastly superior] "to these of New York. Yet house build-"ing is being carried on in Philadelphia Baltimore. "with the atmost activity, and on a scale to ! "which we can show no parallel. "At "the northern end of the tenth street rail "road" -- says the North American -- "some "siz squares of dwellings are in process of "construction, and in all parts of the city | E. Hirley, in the 5th year of his age. "new houses are to be seen going up."- Craft, aged 78 years. "It seems they are not afraid in Philadel "phis that the value of their property will son of Samuel P. and Eliza Curry. "be adversely affected by a return to "specie payments. Such a fear in this Heagy, aged 5 months and 26 days. "city is absurd. Even at the value of our "currency to-day, thousands of houses J. Orndorff, aged 14 months "frome returns, if we had specie payments | Swann "to morrow. The people of New York | 18th year of his age, Philip Pendleton, son of 'straits for want of house accommodation, "and capitalists are missing the finest op. "portunities for profitable investment."

said to be reasonably abundant here, and enterprise and good business tact, we find none that lumber approximates at last its old in this metropolis ahead of him. His place of prices, it is rather remarkable—to say the | bustness to at 42 North Enter street, corner of builders holding back and allowing that mers. pressure for tenements to continue, which is so detrimental to the growth of the city, inasmuch as it drives from us those | extensive way described by the North Sold by S. S. Hance and Coleman & Rogers all I calers in Medicine. American, it is hard to see why Baltimore with so many advantages in the way of cannot emulate her. Whilst in many of the large cities, cellars have to be blasted] out of the solid rock, and building sand, lime, brownstone, granite and marble are | Marble Hall. difficult to be procured, here they abound, and of the best quality; and we repeat if -if cities not thus highly favored can go shead now, there is something curious in

vantages so plainly at hand. In conclusion—it is plain that upon this Meres.

subject there must be more consideration for the needs of the city. Our people wast not become so completely absorbed in the business of handling goods, merely, as to neglect the advantages of manufacturing and of employing capital to advance the city. The industrious and enterprining who seek besses bere must have some inducements effered them to remain-at least a place to establish their femilies, if our prosperity, is to show substantial results in an increase of population and wealth. And-looking to what our rivals are doing, there is not much time to be lost.

OUR WEEKLY: CLIPPER. Our weekly paper will be issued this morning, and will be found wanting oothing usually found in the way of current news, along with well selected miscelluny. And although we have no longer i the exciting news of the war to chronicle. yet no less interest should attach to the triumphs of peace, the process of recon- the Theetre. struction in the South with the advance of trade and commerce affording matter of produced every aight and on Seturday afternoon. deep interest to all. Carefully keeping up with all that occurs worthy of notice, the news of the entire week will be found udicionaly concentrated, so as to leave nothing lacking as a complete compendium for the time elapsed since the last issue. It can be had at the counter, with or without wrappers and on the usual
