3 Months 19.50

18.80 1 Year 30.00 ONE SQUARE CONTAINS, SIX LINES

How sweet to walk through the wheetlands The waving crep with its bereting care pee of gold on the certil appears; No longer rebed in a dress of green, With thway focus the fields are seen Then a hundred bleed-wen recterios are.

THE RIPERING COME.

Beautiful custom was that of old. When the Hebrews brought, with a joy unto The carliest care of the ripening corn and laid them down by the sher's hers. When the preschood waved them become While the Giver of harvest all hearts adoted: what gifts more suited could man impart To extress the flow of his gratuful heart? A crowd swalts beach the cotings seves.

To cat the corn and to bind the abserve:

Put in the sickle, the corn is browned;

At leasth to heard the expected sound-

And the respect to forth with as bilthe a soul As these who lethed the Olympian real: And norrewises hearts and voices come to swell the shouts of the harvest home. And there is a reaper on earth well known Whose deeds are traced on the buriel stone. He carries a sickle mere deadly and keen Than o'er on the hervest field was seen: He cuts down the earliest cars in spring. As well as the ripest that time can being: The tares he gathers to flame are driven. The wheet is laid in the garner of Heaven.

[Londoù Farmer's Mogazine. FASILIONS FOR SEPTEMBER.

The weather has been so very changeable lately, that it has been a task of some enitable; but, as our leaders of fashion are and legally made. either traveling or preparing to do so, the poplins. fastened by buttons Little corselets worn over white bedies i are still in great favor, and certainly are most elegant adjuncts to a dress; they are generally laced on each side under the

White bodies are very much worn, and are as pretty and convenient a fashion as any introduced; they are made in a variety of materials, according to the style of dress adopted. White liams bodies trimmed with parrow velvet ribbons, and fastened by buttons of the same color, are exceedingly pretty. The striped loose bodies are also much in favor, black and white being the favorite colors.

The fend between the chapeau Empire and the chaptan l'anchon is at last nearly has expired. decided in favor of the former-not the hideous shapes tirst introduced under that name, but an elegant and simple modification. The real chapeau Empire, elegently worn, presents very much the appearance of a small cottage bonnet, only for the Provost Marshal. not covering the face so much as the shape known by that name. The curtain is a small straight band.

The chapeau Empire is more elegant in straw than in any other material, though the form can be applied to any article of which bonnets are usually made. The Fanction bounct has by no means disappeared from the horizon of fashion, especially for young laties, for whom the Empire form is, perhaps, rather too mat

Hats now worn have not undergone much alteration in chape, though there is more variety than ever in ornamenting them. The feathers are often placed with the points toward the front of the hat: they are always worn partly over the

talle are still wern trammed with beads but the rage for gold spangles, crescents and coins, lately worn on these articles. is much on the decreasa.

LECTURING THE QUEEN

[From the Times, August 30.] The people of England love their Queen.

constr. on the county road three miles wer of the Relay Rense, 10 miles from the sity from the county road from the west and an abandance of pure spring water and le MCATONEVILLE BAILWAY considered one of the healthiest places in SPRING AND SUMMER "" the State; has an abundant supply of frait ARRANGEMENT. of all kinds, about 2,500 trees just coming the Sacres has a large supply of grapes of waties. gooseberries. entrants, strawberries, dwarf pears, &c., &c. Two never failing streams of Derverting water pass through the place, watering every field, one of which supplies a large pond from which the les house is supplied with ice. The improve Meals are a stone rough cast dwelling house St by 60 feet with very large back buildings built in the most substantial manner years ago by the then owner for his own on curancy, and no expense having been spared to make it complete in every respect. # wide places extends the whole front of the house. The first floor consists of a parlor, itting form. dining form. library from, e large and substantial fire proof safe, and wide hall running through the centre of the house, ante room, large winter and sammer kitchens, and wood house on same level Second floor contains six large chambers in main building, two bed rooms, bath room &c., in back building; every room except the parior have large and very convenient closets; hot and cold water throughout the house, belis in each room, also gas piper throughout the house; a large, dry cellar imader the whole houses Cheison's largest size farnace, heats the entire house; cocking range, &c., in kitches; in short, every convemience usually found in a modern built house. The house stands on an elevated position from which nearly all parts of the farm, and from its roof the city of Baltimore, as Well as the surrounding country for many miles, can be seen, and is surrounded by oak, bickery and chestnat trees of large ffice. as well as a profesion of evergreens. house II feet square, now filled with the purest ice, winter and summer dairy, one lo the best constincted barns in the county. El overseer's house, gate house, &c. The hem house and corn crib are of unique construction and considered to be superior. FARM OF 129 ACRES OR MILL Creek, two alles from Adampolis: 150 scres under cultivation, balance in Timber. The soil is rich, and

adapted to the growth of grain, fruit and vegetables. Would make a fine truck farm. The imevenuents are, dwelling house of five ground and manager's house, of four recess, fine bern corn-house, cattle-shed, stable for ten herses, ample feed and harness rooms, carriage house and house for farm hands. The improvements are mostly new. There are three pumps of fine water on the restainer, and the whole is enclose with good feaces. There is a fine lawn in from of the dwelling, with young huit and ernamental trees. Whihin half mile of the place is an Epiecepal and Methodist Church, Postofice and School-house. Price \$100 per acre. FARM of Coacres in Howard county, 13 miles from Baltimore, on the Washington

ralifond near Jessup's Cut. 250 acres is under cultivation and the balance lying immediately adjacent to the ratiroad, is susceptible of easy cultivation. This trect will be divided into three farms if desirable, one of 150, one of 190, and the balance containing ithe improvements, sold separately. Has an excellent water power and facilities for milling. Improvements are a good dwelling and outhouses. Price \$33,000. Terms cary. PARM of 600 acres on crat the mouth of the Threadhaven river, where it empties into the Chesapeake Bay: 300 acres of fine wheat of corn land, or any kind of coreal

Joninius plenty of good fruit. Three crafer cover two of the best ducking points in the State, with a pienty Clail kinds of fish with. In fity yards of the door. Price \$100 per seven miles from Snow Hill, Worcester connty, opposite the residence of Judge Ira I Spence; very bezuliful dwelling, large and comfortable; about 14 acres of fine arable

landattached; growing fruit of the choicest

and about 190 acres of valuable timber. Im-

proved by a line mansion erected at a cost o

Sluggy, and all recounty out-buildings.

PARM of 1,911 acres, near (bers Point Light House, in Cultert county, fifty miles from altimore, and near one of the landings of the Pathreat line of steamers: 400 acres under entityation, and balance in oak, hickory and cheens unber. Improved by a good limeling and Barn, good fencing, &c. Price FARM of 60 acres, about two talles south-

FARM of 115 seres, 14 miles from Baltimore, on the Reisterstown road, near ()wing's Mills, Baltimore county; its acres arable. balance in good timber. Improved by a good Frame Dwelling, Stone Spring House, &c.

Excellent water in every field. Price \$6,000. FARM of Stratter on the Annapolis and the Ridge Railroad, at the Station known as Patux. ent burnace, 2% makes from inaction with the Washington hadrend, at the head of Patuzent river: 400 acres are thider cultivation, and the belance to the young timber. The land to of excollege quality, and the also masarpassed in you gard to hearth and scenery. Two apple orchards and ather fruit trees are on the piace. An unauroassed water power site for a factory, with race and mail-dam complete, formerly meed for a bree iron furnace. Improvements consist of a large and substabliship built matmon bonce. with a fighteen test wide hall, and played in front, surrounded by green trees. The house contains 14 cr 15 rooms, and was built at a cost a 23 UU The ciber improvements are a stern at the Station, senied for \$400, terms, tobecco houses, &c. The whole improvements worth

FARM of My scree, simuled 30 miles south of Washington, very Lear the Polomac river and within half a mile of Clymont wharves. The steam boats are ruthing from there to Baltimore and Washington stary day. The soil is of a fine and productive character well adepted to the growth of Corn. Wheat and chacco. Melions and Fruit, and every kind of egetables—it would make a splended market garden. Four hundred acres are of arable land, and the other portion in oak, chesnut, cedar and rine. The ferm abounds in springs of naverhilling water; it is situated in a healthy and sedurat cateboothood, convenient to churches of all denominations, post office, &c. It has on it a good Dwelling Mouse, good Out Buildings. such as a fine large Harn, blables, corn liques, Granary, Overseer's liouse, good quarters for laborers, Meat House, Ice House, and all other accessary buildings. There is also a fine site for a Grist Mill, with a stream of never-failing wa-

ter. Price fiw per acre, cash. 2M ACRES PINE TIMBER LAND in the Pine be taken with perfect freedom. Louid tale . Isgion west of Fr. stburg, in Allegany counts. The improvements ere a house and barn, Charren cleared and femore, about 100 acres heavily tim. bered with white pine hemiock and that Tare rare and valuable timber known as Tamvayte. it grows to great height, combines lightness with strength, and especially valuable for boat page. ship masts, saw mills, carriages and gates, and large frames, water tower sufficient for eawing torposes is on it, and an abundance of good time ter pround it only accessable through it. The trice is about \$15 for acre; if sold soon a little ises would buy it. At the present rates that line timber is bringing, newed up in a few years will exhaust it measureably, what remains must become valuable. This tract especially so from the quality of the timber and other natural advantages, extensive borings for Petroleum ere about to commence in the same region. This tract is as good a show for it as any other in the county. but in this offer for sale nothing to claim all for it
