Berlin, Md.

My dear Miss Haudy:

Please accept my thanks for your letter containing information about Worcester County's representation in the Legislature. It will be very useful. You have helped us tremendously and we are very grateful.

I hope you can come to Annapolis occasionally during the session. We need the assistance of able women as the legislative work this year will, no doubt, be difficult and trying.

I also thank you for your kind words about my remarks at the Federation meeting. I sincerely hope it made a right impression and that the club women of Maryland who should take the initiative in matters of public welfare will become a little more aggressive than many of them have been in the past.

Hoping to see you soon, and that this will be a very happy and successful year with you, I am
Sincerely
Matilda B. Maloy.
